

ECO-SPILL FLUID (X01801CU)

DESCRIPTION

Exocet® Eco-Spill Fluid is an environmentally friendly degreaser/cleaner for 'dry' spills (e.g. staining and grease build-up). It will also penetrate soil to a depth of 30cm. Diluted, it has multiple additional applications. The product contains microbes that assist in the conversion of hydrocarbons to water and carbon dioxide.

APPLICATION

Eco-Spill Fluid is applied via spray, brush or cloth depending on the application. It can be used on:

- ◆ Staining of concrete and other hard surfaces
- ◆ Contaminated soil
- ◆ Grease build-up around machinery
- ◆ Road film build-up on vehicles and engines
- ◆ Greasy floors and kitchen equipment
- ◆ Grimy windows
- ◆ See separate dilution sheet and applications guide.
