HIGH PERFORMANCE HOSE CLIPS

P-CLIPS FOR PIPES, CABLES & HOSES

JCS lined P-Clips are tough and durable, providing a simple and secure fixing solution for even the most challenging of environments.

Available in two accurately sized ranges for 6mm and 10mm bolts in both Zinc plated Mild Steel and 304 Stainless Steel. TPE liners are available for both standard and High Temperature applications.

The standard P clip is supplied with a TPE liner which prevents chafing or damage to the surface of the item being clamped.

OPTIONS

Non-standard sizes and liners available upon request please contact us for a quotation.

Note - fixing nuts and bolts not supplied.

SECURE

UV and ozone resistant TPE liner absorbs vibration and prevents chafing of pipe or cable.

STRENGTH

The P-Clip band features a special strengthening rib that keeps the clips flush with the surface to which it is bolted. The Stainless version is made from marine quality 18/8 Stainless Steel.

CORROSION RESISTANT

The Zinc Plated version is heavily electro zinc plated on all surfaces including the edges for the very best corrosion resistance.
