VEHICLE SEAT COVERS

## Truck Fitting Guide

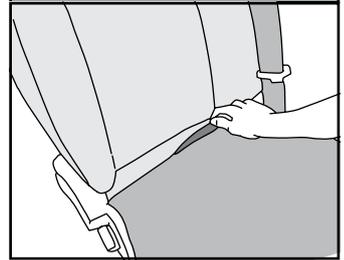

**1** Pull base of seat forward and undo Velcro between top and base of seat.

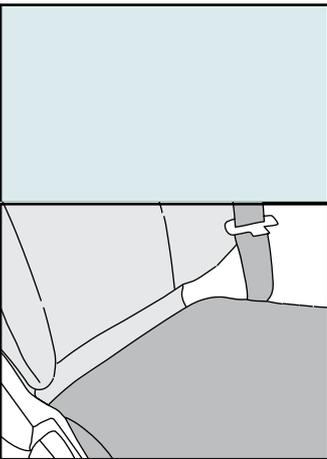

**2** Put the base seat cover over the front corners of the seat and tighten the cover back.

**3** Fasten the Velcro at the back of the cover to the Velcro on the seat.

**4** Open the side Velcro of the top cover and slide over the back cushion of the seat.

**5** Fasten the cover under the seats integral seatbelt and attach the Velcro back together.

**6** Attach the Velcro at the bottom of the top cover to the Velcro at the back of the base cover.  
And you're done.
